

## 2014 SABR Mock Hall of Fame Vote – Results

At the November 30<sup>th</sup> meeting of the Southern New England SABR chapter, we held a mock Hall of Fame voting. We follow the same rules as the actual Hall of Fame election...each voter can vote for a maximum of 10 eligible players and a player must appear on 75% of all ballots to be elected.

This year, we had 40 ballots submitted (and as far as I can tell, nobody sold theirs to Deadspin), meaning a nice even 30 votes was the 75% threshold.

Despite a stacked ballot, we managed to elect three players to the Hall of Fame, all players in their first year of eligibility.

The complete results:

The Hall of Fame is in an interesting point in its history, and I'm fascinated to see if the BBWAA matches our results for the second straight year.

Thank you to everyone who voted. I've enjoyed running these mock elections and hope we can continue them in the future!
